PROFILE

Enthusiastic front-end web developer with abundant curiosity and desire to learn. Particularly excited about open data and projects that impact society and the world at large. Enjoys solving unfamiliar problems sometimes using unconventional tools and always searching for the efficient routes. Motivated to learn backend and mobile development and database administration.

SKILLS

- JavaScript (i.e., jQuery, Underscore, and Backbone libraries; AngularJS framework; Mocha and Chai unit-testing tools; Bower package manager; Gulp task runner)
- HTML and CSS (i.e., SASS, Handlebars.js, and Materialize, Foundation, and Bootstrap frameworks)
- Parse (Backend as a Service) and light tinkering in Node.js and Express
- Version control using Git and GitHub/Bitbucket
- Excellent organizational and critical-thinking skills, good judgment
- Strong quantitative analysis and writing skills

EDUCATION

GEORGIA STATE UNIVERSITY, Atlanta, Georgia 2012
Bachelor of Arts, Economics

GEORGIA STATE UNIVERSITY, Atlanta, Georgia 2010
Bachelor of Arts, Political Science: International Affairs

RELEVANT EXPERIENCE

CROWN & CALIBER, Atlanta, Georgia 2015
Front End Developer – Contract

- Translate wireframes, creative design, and functional requirements into functional HTML, CSS, and JavaScript in eCommerce Magento platform
- Collaborate with UX design team on user-centered design strategy as well as turn UX and business requirements into efficient and testable coded solutions

THE IRON YARD, Atlanta, Georgia 2015
Front End Engineering Student

- Completed immersive 12-week course in front end web development and gained knowledge and skills in HTML/CSS fundamentals (along with mobile-first design strategy); JavaScript and various associated libraries like jQuery, Underscore, and Backbone, unit-testing tools like Mocha and Chai, and AngularJS framework; cross-team collaboration with Ruby on Rails and iOS engineers
- Created apps ranging from a simple calculator, to a restaurant website, to Reeadr (book tracker for readers), Beat Dat Budget! (Angry Birds clone involving tossing consultants at projects and staying within budget constraints), and CodeBytes (social network for developers—especially newbies)

GEORGIA STATE UNIVERSITY, Atlanta, Georgia

2014

Research Assistant

- Extracted data for multi-dimensional project measuring the effectiveness of fiscal decentralization in Vietnam into formats easily used by Microsoft Excel and STATA and organized data—such as GINI coefficient, rural vs. urban population, literacy, trade/openness, poverty rates, and retail sales—into graphs and tables for ease of interpretation and analysis

AIRWATCH, Atlanta, Georgia

2013

Technical Proposal Writer

- Researched and wrote responses to technical proposal questions in regards to enterprise mobile management software in English and Spanish for organizations located in North and South America and Spain
- Analyzed requests for proposal (RFPs) requirements and managed process of responding to requests and questionnaires with tight deadlines from prospects and existing clients with varied needs

WORLD AFFAIRS COUNCIL OF ATLANTA, Atlanta, Georgia

2010

Research Assistant

- Incorporated different risk factors for large project calculating the risk of doing business in 100+ other countries into the index, i.e., hospital beds per 1,000 persons, and identified most relevant and up-to-date information for each risk category

ADDITIONAL EXPERIENCE

CSR-CONSULTING, SOLUTIONS, AND RESULTS, Atlanta, Georgia

2015

Financial Analyst

- Analyzed monthly, quarterly, and annual financial information to create graphs and reports for small businesses looking to further expand
- Reconciled clients' bank statements with internal accounting systems

THE HARTFORD, Alpharetta, Georgia

2006 – 2013

National Accounts Presale Analyst (2012 – 2013)

- Delivered detailed, comprehensive responses to all RFPs; contacted internal business partners for questionnaire responses, gathered supporting materials and detailed proposal benefits to sales representatives during presentations

Small Business Presale Analyst (2011 – 2012)

- Evaluated group benefit costs for companies and determined best insurance solution based on risk characteristics; prepared new business quotes

Senior Quality Analyst (2008 – 2009)

- Collaborated with Underwriting and Best Practices to ensure quality was being measured accurately; presented quality reviews to underwriters and managers; organized meetings to discuss quality, changes and updates to the process

Associate Underwriter (2006 – 2008)

- Analyzed RFPs and priced services based on risk characteristics for Group Life and Disability cases with 10 – 1,499 lives, Blanket Lines and Business Travel and Accident cases
